EDUCATION

Bennett University

- B.Tech Computer Science Engineering School of Engineering | CGPA: 9.4/10.0

Harvest College

- Class XII (CBSE) Harvest Public School | Score: 89.4%

INTERSHIPS

GOLDMANSACHS SUMMER ANALYST 2025

PROJECTS

Campus Food Ordering System | Node.js, Express, MongoDB, JavaScript

- Engineered a full-stack web application to streamline campus food stall ordering process
- Implemented real-time order tracking, OTP-based verification, and notifications
- Designed role-based access control system for students and stall managers

To-Do List App | HTML, EJS, CSS, Node.js, Express, MongoDB

- Developed a full-stack To-Do List application to deepen understanding of web development
- Implemented CRUD operations for efficient task management
- Created a responsive design for optimal user experience across devices
- Deployed the application on Render, gaining valuable insights into the deployment process

CERTIFICATIONS

- Data Structures and Algorithms in C++ | Apna College-Alpha
- Exploratory Data Analysis for Machine Learning | IBM
- Algorithmic Toolbox | Coursera
- Supervised Machine Learning: Regression | IBM

SKILLS

- **Technical Skills:** C++, Python, SQL, JavaScript, HTML, CSS
- **Languages:** English, Telugu, Hindi
- **Web Technologies:** Node.js, Express.js, React.js(basic), MongoDB, Bootstrap
